Nancy

I have a new group of students this trimester! They are off to a great start. We begin class talking about the calendar and the weather. Then we do some phonics activities. After that, we learn about relevant topics. For example, we learned about winter and skiing this month. We also talked about Martin Luther King, Jr. If you ever have any questions or comments, please feel free to talk to your child's teacher or email me any time.

In January we:

- learned about winter.
- studied skiing words and phrases.
- practiced for the school exchange.

In February we will:

- practice reading and writing skills.
- complete activities related to Valentine's Day.
- learn about George Washington, Abraham Lincoln, and Presidents Day.

Welcome to all of the of the new students to the class. I am so impressed with how much they have learned in the *A class*, and how ready they are to start the *B class*. We started a new series with them, called *Tops*, and the new students are catching on very quickly and are doing great job! All students are required to get homework signed on a daily basis, so please make sure to sign your child's homework. I also expect students to go to the library and to continue to read at home. Any questions or concerns you can always write a note and send in your child's folder. I am looking forward to working with your children and teaching them English!

In January we:

- Continued with their *Tops* series. Some topics included: My Day
- Continued to have library day
